Work Experience

BELL CANADA, Toronto, ON

April 2025 - November 2025

Data Scientist, April 2025 - November 2025

- Optimized and documented reporting workflows by updating instructions and refactoring code. Improved efficiency and enabled full cross-training so any team member can run all reports independently.
- Led the setup and configuration of a dedicated GCP instance for the team, including application provisioning, ticket coordination, and end-to-end testing, enabling the use of Vertex AI for automated customer-survey categorization.
- Designed and deployed an interactive Plotly Dash application on showcasing AI Quality Metrics. Integrated automated data refresh pipelines to ensure all dashboards remain continuously up to date.

Specialist, Business Performance, December 2022 - April 2025

- Updated sales trend report provided reasoning based on promotions, agent training, and business metrics.
- Automated reporting processes save 3 hours every week and maintained the coding in the Git Lab to easily share the process with the team members.
- Cleaned business metrics data to create a weekly indicator dashboard to inform business decisions.

Data Analysis Associate, March 2022 - December 2022

- Used SAS and Python to update and monitor the weekly BPI report to provide business insights and produced ad hoc reports based on the business needs.
- Prepared and compiled the weekly team leads trigger report to keep track of the agent training process.
- Monitored new sites business metrics against other existing sites and reported to senior managers.

BLUE CROSS LIFE, Moncton, NB

September 2015 - April 2016

Student Actuary

- Used VBA to streamline detailed software processes to reduce manual work and improve accuracy.

J. D. IRVING, LIMITED, Dieppe, NB

September 2014 - December 2014

Co-op (IT Assistant/Poly Buyer)

- Adapted to a fast-paced environment, kept track of fuel prices by vendors and locations, and calculated multiple scenarios' expected cost to support a fuel department manager regularly negotiated with a vendor.

Education
